Oct 4th 2 Man Scramble. EC Resort Course

- Each team receives 35% of the A player's handicap plus 15% of the B player's handicap. One score is recorded for each hole.
- Both players hit tee balls on each hole. The preferred tee ball position (you chose) is played by both players on the next shot. Subsequent shots are played in the same manner while non preferred shots are picked up on each hole.
- Preferred lies OK (one club length; same type turf).
- Each team member must record a minimum of 6 tee balls.

Oct 5th 2 Man Chapman EC Challenge Course

- Each team receives 60% of the A player's handicap plus 40% of the B player's handicap.
- One score is recorded for each hole.
- Both players tee off. Player A then plays Player B's tee ball and vice-versa. Each player hits their 2nd shot. The team then selects the preferred 2nd shot, and from that point until the ball is holed out, teams play only one ball in an alternate format.
- Summer rules unless relaxed due to weather, course conditions, etc.

Oct 6th 2 Man Best Ball EC Ridge Course

- Each player receives their full course handicap.
- Each team member plays stroke play.
- Record both team member's score for each hole. Only the best net ball on each hole is used to compile each team's 18 hole score.
- Summer rules unless relaxed due to weather course conditions, etc.

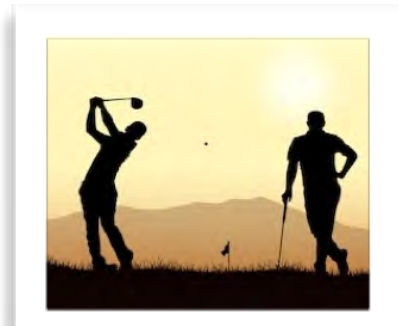

How Flights Are Formatted

Flighting of 2 person teams is formatted via standard USGA suggested tournament procedure:

- Both partners' handicaps are added together.
- Combined handicaps are listed chronologically.
- The combined handicap list is then separated into flights of approximately the same size.
- All teams play from the standard tournament tees. Slope and rating will convert your index to your tournament course handicap (and/or team handicap).
- See the enclosed *Rules & Regulations* for partner handicap adjustments for each day' scoring format.
